## **SECTION 5 – NEW HIRE REPORTING**

# 1 INTRODUCTION

New Hire is a national program required by both state and federal laws. It is designed to locate non-custodial parents with child support obligations.

New Hire information will also be used in the administration of Social Security and public assistance programs. This information will also be used to detect and prevent fraud within Unemployment Insurance and Worker's Compensation.

Accurate and timely reporting by employers is essential for the continued success of the program.

Additional information can be found on the Internet at http://dwd.wisconsin.gov/uinh.

## 2 COMPLIANCE

All employers with a FEIN (Federal Employer Identification Number) must participate in New Hire reporting.

Employers are required to submit information on every newly hired employee to the Department of Workforce Development. Refer to Part 3 of this section for reporting deadlines.

An **employee** is any individual who is considered an employee for federal income tax withholding purposes.

A **newly hired employee** is any individual reporting to work with an employer for the first time or any individual rehired after an unpaid absence of more than 90 days.

New Hire data is stored in the State Directory and matched against state child support cases. If a match is found, a wage withholding notice is sent to the employer for collection of child support.

All states' New Hire, quarterly wage and Unemployment Insurance benefit data is transmitted to the National Directory for interstate matching and child support enforcement. New Hire reports are also regularly compared against all States' quarterly wage files to identify reporting compliance. Employers found not to be in compliance may be subject to penalties up to \$25 per unreported employee.

# 4 OPTIONS FOR MULTI-STATE EMPLOYERS

Federal legislation allows employers with employees in more than one state the option to choose a single state for all New Hire reporting.

More information is available on the New Hire web site at www.newhire-usa.com/wi or by calling toll free 1-888-300-4473.

## 5 TIPS

- Internet reporting is very convenient and eliminates mailing costs associated with paper forms, tapes and diskettes. Visit the New Hire web site at www.newhire-usa.com/wi. Follow the links to New Hire to register for a user password and to start reporting on-line.
- The employer address on New Hire reports will be used by Child Support Enforcement agencies to send wage withholding notices. Please consistently provide the best employer address for this use on your New Hire report.
- Please do not include a cover sheet with faxed reports.
- Duplicate reporting increases program costs. Please do not submit an individual report more than once.

## Form W-4 (2006)

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Because your tax situation may change, you may want to refigure your withholding each year.

Exemption from withholding. If you are exempt, complete only lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2006 expires February 16, 2007. See Pub. 505, Tax Withholding and Estimated Tax.

Note. You cannot claim exemption from withhold-

Note. You cannot claim exemption from withholding if (a) your income exceeds \$850 and includes more than \$300 of unearned income (for example, interest and dividends) and (b) another person can claim you as a dependent on their tax return.

Basic instructions. If you are not exempt, complete the Personal Allowances Worksheet below. The worksheets on page 2 adjust your withholding allowances based on itemized deductions, certain credits, adjustments to income, or two-

earner/two-job situations. Complete all worksheets that apply. However, you may claim fewer (or zero) allowances.

Head of household. Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals. See line E below.

Tax credits. You can take projected tax credits into account in figuring your allowable number of withholding allowances. Credits for child or dependent care expenses and the child tax credit may be claimed using the Personal Allowances Worksheet below. See Pub. 919, How Do I Adjust My Tax Withholding, for information on converting your other credits into withholding allowances.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you may owe additional tax.

Two earners/two jobs. If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form W-4. Your withholding usually will be most accurate when all allowances are claimed on the Form W-4 for the highest paying job and zero allowances are claimed on the others.

Nonresident alien. If you are a nonresident alien, see the Instructions for Form 8233 before completing this Form W-4.

Check your withholding. After your Form W-4 takes effect, use Pub. 919 to see how the dollar amount you are having withheld compares to your projected total tax for 2006. See Pub. 919, especially if your earnings exceed \$130,000 (Single) or \$180,000 (Married).

Recent name change? If your name on line 1 differs from that shown on your social security card, call 1-800-772-1213 to initiate a name change and obtain a social security card showing your correct name.
